

December 7, 1955

Town Council
Princeton, Iowa

Gentlemen:

The Scott County Library for some time has felt that the quarters made available to it in the Princeton town hall were crowded - both for the library and for the Council. We have certainly appreciated the space provided for us during the past five years and feel that our relations have been pleasant and satisfactory. However, we do need more space to do the kind of job we'd like to be doing in Princeton, and when Mr. H.E. Lund built onto his warehouse making a fine large room available for rental, we asked if we might rent it.

We did not know if we could go in until last week, hence the short notice of our intention to vacate the town hall. A claim for a half a month's rent for December is inclosed for signature and notarizing. We trust that this is satisfactory. We will move on Tuesday of next week, December 13.

If the enclosed claim is returned to us promptly, it can be paid on the 15th of this month.

Yours very truly,

Elizabeth B. Hage
Librarian
